

CARBON FILTER PLUS

JOHN DEERE

John Deere Carbon Filter Plus has three active layers to help keep out dust, dirt and other contaminants in addition to reducing the growth of mold and bacteria on the filter.

Three Layers of Protection

Particle Filter Layer

Activated Carbon Layer

Biofunctional Layer

Example: 8235R Tractor needs two cab filters

One (1) TY27783 (*optional replacement for RE284091 fresh air filter*)

One (1) TY27784 (*optional replacement for RE291412 recirculating*)
